

WAREHOUSE

MATERIAL HANDLING ACCESSORIES

Heavy Duty Guard Rail System

Product Code: HIT-GRS

Designed to protect racking systems, in-plant offices, machinery, electrical panels, water mains, storage areas, and most importantly protect personnel. Available in Single Rail or Double Rail configurations.

Single Rail Posts are 18.5" H and Double Rail Posts are 43" H Guard Rail Sections available in: 2', 3', 4', 5', 6', 7', 8', 9' or 10' Long.

Rack End Protectors

Product Code: HIT-REP

Durable and economical way to protect racking systems from fork truck damage.

Single Sided or Double Sided Units available.
Available in 42" or 48" Long.
Extenders also available in the following sizes:
42", 48" or 62"

Post Protectors w/Base FootPlate

Product Code: HIT-PPRT

Safeguard Rack Uprights from expensive damage. Designed to wrap around upright diverting impact away from protected area. Post Protectors bolt to the floor with 4-anchors in front of each upright.

Available in 12", 18" or 24" High, with a 4 ½" Opening. Also available with 6" or 8 ½" Opening to fit around large seismic footplates.

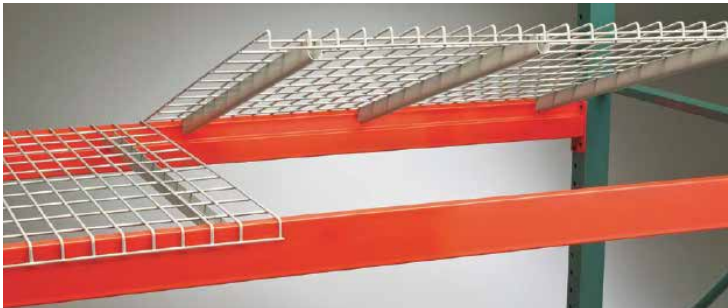

Floor Mounted Barriers

Product Code: HIT-FMB

Floor Mounted Barrier provides surface-level protection from forklifts and other moving equipment.

Available in sections from 3 feet to 10 feet long in 1-foot increments. Sections can be joined together to make a continuous barrier to achieve desired length, or also be used as Pallet Stop barrier and or Conveyor Guards.

Wire Decks

Product Code: WWH-GWD

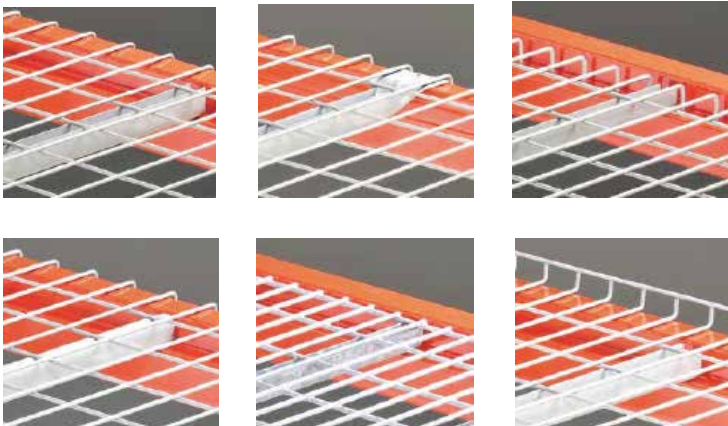

Wire Decking is used on pallet rack storage systems to give the flexibility to store cartons, drums, and multiple pallet sizes, while also improving fire safety. Easy to install and no tools necessary.

Available in standard sizes of:

36" x 46", 36" x 52", 36" x 58", 42" x 46", 42" x 52", 42" x 58", 48" x 58"

Also available in the following styles:

- Standard U-Channel
- Flared Channel
- Inside Waterfall
- Inverted Channel
- Flat Flush
- Up-Turned Waterfall

CAUTION

MAXIMUM LOAD CAPACITY OF _____ LBS. PER PALLET POSITION

Safety Labels for Beam with Capacity

Product Code: EMD-SLB-BL

These custom Caution Safety Labels are highly recommended for labeling all pallet rack beams in order to meet the new OSHA Safety Requirements that properly displays the rated Beam Capacities for all racking systems. These Labels can be customized with your Pre-printed capacities or have a blank line to fill in the capacities in case they may vary throughout the system.

- Label Size: 3 ½" H x 5" W
- Yellow Vinyl label with back adhesive
- Lifetime guarantee topcoat

Note: Beam Capacities vary widely depending upon the Rack Manufacturer and Beam Size, so please ensure that you contact 1 Stop Material Handling with all your details prior to ordering or displaying any Beam Labels, as you DO NOT want to improperly label.

BlueLine Floor Scale w/Bluetooth Wireless Technology

Product Code: FBS-BLFS

BlueLine Floor Scale provides operators the freedom of mobility they have come to expect from other wireless devices. BlueLine's wireless signal has an omnidirectional acquisition range up to 50ft and an operation range of 100 ft. Scale comes factory calibrated prior to shipping and is competitively priced with other standard industrial floor scale systems.

- Size - 48" wide x 48" deep x 3" high, with 2,500 or 5,000lbs Capacity
- "Cut the Cord" - No wire between scale instrument and floor scale platform
- Rugged, proven and reliable technology
- Instrument easily installed away from the floor scale platform

Bulk Delivery Truck - BDT Series

Product Code: NAI-BDT

Transport loads big enough to stock a complete area with one trip, which allows for quick and convenient stocking. The most durable Bulk/Beverage Delivery Truck (BDT) on the market. The BDT Truck holds more product and takes up less space. Its ability to be stored upright is what makes this truck so very unique. The folding handles allow the truck to be stored "on-end" to maximize storage space.

Benefits:

- 1 Load = to 5 Hand Truck Loads
- Stop delivery time is reduced by 50%
- Maneuverable - zero turning - easier for narrow aisle and coolers
- Vertical cart storage allows 100% accessibility for your next delivery

Dual Grip Hand Truck

Product Code: NAI-DGH-100

The Hand Trucks all welded aluminum construction is lightweight and easy for anyone to maneuver. The aluminum will not rust or corrode, keeping your warehouse looking new! 750 lbs. capacity and a removable/replaceable nose plate.

Available in 2 different sizes, with 3 wheel options.

Column Sentry Protectors

Product Code: SEN-CS

Column Sentry® is the original, patented column protector, saving interior building columns by surrounding them with a cushion of air. This protector is very easy to install, without using any tools, and is extremely effective. It is available in a number of sizes to fit most every building column. When hit, Column Sentry flexes, protecting the column, the forklift, and the forklift operator.

- Incredibly Tough
- Surprisingly Cost-effective
- Highly Visible
- Extremely versatile

Warehouse Indoor Safety Mirrors

Product Code: WASM-IN-REC

These safety and security mirrors help prevent accidents, injury and theft. Eliminating blind spots, help prevent costly accidents, and reduce insurance rates. Reduce employee or customer theft of expensive merchandise.

Utherane Wheel Chocks **Recessed Handles**

Product Code: CIS-UWV-1500

Roadblocks 1500 series urethane wheel chocks are designed for over-the-road trucks and trailers. Lightweight, strong and safe. Impact-absorbing chocks grip road and tire, will not cause pavement or tire damage, and are chemical and oil resistant. For additional safety, chocks feature a high visibility orange color and "How to Use" guideline molded into every chock.

Size - 11" Long x 7.75" Wide x 8" High

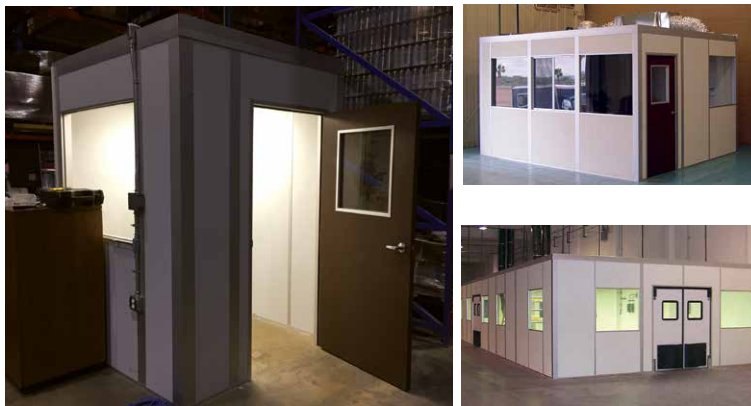

CP3 Pallet Trucks

Product Code: WES-CP3

Durable and affordable Pallet Trucks. Safely and easily lift and move pallets up to 5,500 lbs. Includes polyurethane load and steering wheels.

- Adjustable fork connecting rods
- Entry and Exit Rollers, 6" W Forks
- 210 degree steering
- 7.25" Raised Height, 2.9" Lowered Height

Modular Office (Implant Offices)

Product Code: AM-INTEGRA-4WALL

Modular In-Plant Offices are a great addition to large warehouses and manufacturing facilities. Designed to transform unused space and enhance functionality in warehouse type environments.

Available in a variety of sizes and configurations to best fit your application.

Semi-Automatic Stretch Wrap Machine 750 Series

Product Code: SWM-SA-0750

The 750 Series Machine is designed to withstand moderate to heavy usage and is capable of tailoring the wrap speed and tension to fit your application depending on the product being wrapped.

Also available with Weigh Scale Option:

- Superior Film Economy (250%)
- Maximum Load Size: 48" W x 72" L x 83" H
- 1/2 Horsepower Turntable Drive Motor
- 4,400 lbs. Capacity
- 110v Plug-in Power Source

Aluminum Dockboard Steel Bolt on Curbs

Product Code: HABC-1500

This product gives durability and strength in a lighter, more maneuverable Dockboard. Low cost alternative. Tough aluminum tread plate deck for lightweight, high traction, corrosion free surface. Structural steel curbs bolted on 6" centers. Light to mid duty cycles. Standard features include:

- 10,000 and 15,000 lbs. Capacities
- 11" Lip (Optional 14" lip available)
- 4" Steel curbs
- 9" and 13" locking legs
- Available from a 54-inch width up to 72 inches, and lengths of 36 up to 72 inches

Flammable Safety Cabinets 2 Doors

Product Code: JAM-SMC-2000

All welded double-wall 18 gauge construction with 1.5" insulating air space. Doors are double walled, 14 gauge outside & 18 gauge inside. Doors have 56% more steel and rounded corner for safety.

- 2" leak proof sill for spill containment
- 4" durable welded hinges with brass pins
- Galvanized steel shelves adjust on 2.5" centers
- Chemical storage maximum - Class I & II - 60 gallons, Class III - 120 gallons
- Available in 2 different door types
- Sizes available from 22 Gallons up to 120 Gallons

Pallet Pal 360 Pneumatic Palletizer

Product Code: SW-PPAL-A

The PalletPal 360™ makes loading and unloading pallets faster, safer and easier. Designed for use where pallet loads vary widely and are changed frequently. The unit is equipped with fork pockets for easy relocation and to provide a stable base that does not require lagging. Exclusive PalletPal base design keeps all component within the diameter of the turntable ring offering workers complete

- 360° access to loads with no reach-over zones
- Capacity: 400 - 4,500 lbs
- Lowered Height: 9 ½" High
- Raised Height: 27¾" High
- Rotator Ring Outside Diameter: 43-5/8"

Wire Mesh Security Cages

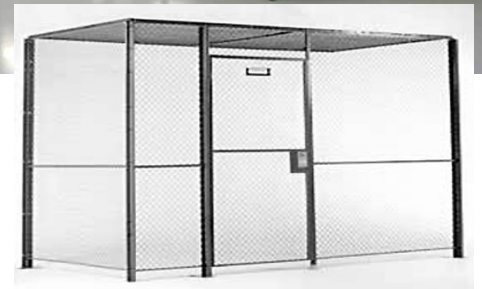

Product Code: SGP-CAGE-48

These standard-duty Woven Wire Partitions offer lasting protection of materials, inventory and personnel with low costs. Has proven, industry standard design with triple-crimped diamond wire mesh.

- Available in several different size configurations.
- Standard gray material stocked in 7', 8' & 10' Heights.
- Same bolt patterns shared across standard heights for easier installation

Affordable and Effective application for many specified areas such as:

- Data Centers
- Tool Cribs
- Anti-pilferage Supply Storage
- Maintenance Cages
- Around Plumbing and Utility Systems
- School Equipment Storage
- Elevator and Stairway Partitions
- Walk-in Coolers and Liquor Enclosures for Food and Beverage Industry
